Course Description

This course is designed for the student who loves to experiment with detail in all mediums of art making. This course builds upon the foundations laid in Art 10 with the emphasis on 2 and 3 dimensional drawing. Students will develop their understanding of attention to detail through individual project work, as well as related historical/cultural significance and influence of graffiti. Learn about the role art can play in your life, and discover the great career possibilities the arts can hold.

Big Ideas

- Growth as an artist is dependent on perseverance, resilience, refinement, and reflection.
- Artistic expression is an artist's physical and cognitive articulation of our humanity.
- Artistic works offer unique aesthetic experiences in a variety of contexts.
- Visual arts reflect the interconnectedness of the individual, community, history, and society.

Learning Standards

The activities in this course are designed to address the learning standards as outlined in the BC Ministry of Education's curriculum document. Learning Standards are organized into Core Competencies, Curricular Competencies, and Content Goals. Click the "Outcomes" link in the left side menu to read about these competencies in detail, or visit www.curriculum.gov.bc.ca ([Links to an external site.](#)) to learn more.
