Course Description

This course is designed for the student who loves to explore all methods of art making, and is designed for those who are new to art as well as those who enjoyed Art 8 and can't wait for another chance to create. This course builds upon the foundations laid in Art 8 with the emphasis on 2 and 3 dimensional media. Students will develop their understanding of the elements and principles of design through individual project work, as well as related historical/cultural significance and influence. Instruction will include basic techniques in drawing, painting, printmaking, and sculpture.

Big Ideas

- Identity is explored, expressed, and impacted through visual arts experiences
- The visual arts provide opportunities to gain insight into perspectives and experiences of people from a variety of time, places, and cultures
- Art experiences can build community and nurture relationships with others
- The visual arts use a unique sensory language for creating and communicating

Learning Standards

The activities in this course are designed to address the learning standards as outlined in the BC Ministry of Education's Visual Arts 9 curriculum document. Learning Standards are organized into Core Competencies, Curricular Competencies, and Content Goals.
