

French 10 Burnaby Online **Course Overview for Students and Parents**

Bienvenue à la classe de Français 10! Students who complete French 10 will earn course credit that will allow them to transition to senior level French courses. This course represents a bridge year between junior and senior grades and is designed to help students continue to advance their level of French language proficiency. Students will leave French 10 with a solid mastery of basic French language skills particularly in writing and listening. Students will be able to communicate in a variety of situations. In order to become proficient in a language, students will communicate in that target language as much as possible.

Students this year will use a comprehensive program that will be further supplemented by other relevant resources. We will begin with a general review of basic concepts from grade 9 as we move through the study of the prescribed curriculum using the D'Accord 1 program. This program offers an integrative approach based on communicative objectives, linguistic components, along with cultural and educational activities.
